

# Waxing

**Feel good with up to 4 weeks of smooth, sleek & sexy skin:**

Unlike other temporary hair removal methods, by removing hair at the root our professionally applied waxing provides exceptional longer-lasting results that includes, a longer time between treatments, regular waxing leads to finer and softer hair regrowth by eliminating the coarse thicker ingrown prone hair shaving and hair breaking systems and our waxing not only removes hair but also helps to remove dead skin cells and this exfoliation assists in leaving your skin smoother, rejuvenated, and free from ingrown hairs.
